Price: \$20.00

Short Description

Green Iguanas and Other Iguanids is a concise guide to the husbandry and breeding of many species of iguanas.

Description

Green Iguanas and Other Iguanids is a concise guide to the natural history, husbandry and breeding of many species of iguanas. It covers a huge array of information, including taxonomy, handling, feeding, housing, health and breeding. As part of the TFH series, it features high quality photographs and plenty of relevant data.
