**Product Code:** S94592  
**Availability:** 1  
**Weight:** 0.00kg  
**Dimensions:** 0.00cm x 0.00cm x 0.00cm

**Price: \$50.00**

## Short Description

A comprehensive guide to the captive husbandry of the *Varanus prasinus* group of monitors.

## Description

**Keeping and Breeding Emerald Monitors: The *Varanus prasinus* group** is a basic guide to this group of small, arboreal monitors from Australia, Torres Strait Islands, Papua New Guinea and Indonesia. They are often regarded as difficult captives, but modern husbandry techniques are making their care much more achievable for the average keeper.
