Price: \$60.00

Short Description

A thorough guide to the lizards of Italy and the surrounding areas, complimented by many quality illustrations and relevant information.

Description

The Lizards of Italy and Adjacent Areas is a comprehensive guide to the lizards of Italy, organised into species accounts and covering the *Anguidae*, *Chamaeleonidae*, *Gekkonidae*, *Lacertidae* and *Scincidae*. Information is given on the distribution, zoogeography and taxonomy of each species and a final chapter covering their conservation complements the accounts.

Claudia Corti and Pietro Lo Cascio. 165 pages. 2002. Hardcover. ISBN - 3930612682
