A comprehensive guide to the worlds iguanas, with particular focus on their husbandry.

Description

Iguanas: A Pictorial Guide to the Iguanas of the World and Their Care in Captivity is a large format (8.5" x 11") softcover, full of amazing colour photos from the author and iguana researchers and enthusiasts around the world. There are colour photos of every species on the planet, including Fiji's, Marine, Land, Pink, Desert, all *Cyclura* species, all *Ctenosaura* species, Chuckwallas, and all the known colour morphs of *Iguana iguana*. A large component of this title is dedicated to information on the captive husbandry of all species concerned.
